OUR STORY

Our journey started in 2004 when we formed in the Isle of Man. Yachting was our sole focus, and we grew with the success of the Isle of Man's new superyacht register.

We quickly developed relationships with clients who demanded attention to detail and excellent service. Through meeting their expectations, we won and retained business. As a result, many from 2004 are still with us today. We evolved as our client requirements changed and opportunities presented themselves, extending our services and opening a new office in Malta. Our diversification allowed us to further our relationships with many key clients, as we have worked together across several sectors, including aviation, corporate services, commercial and residential property, eGaming, fintech, and trusts.

Affinity underwent a transformative acquisition in 2019, ushering in a new, dynamic leadership team and innovative, niche and emerging sector services. Expansion to the Cayman Islands and South Florida followed, helping Affinity establish its position as a growing, contemporary brand with diverse offerings, standing out in the luxury asset and emerging sector arenas.
