AFFINITY IN THE CAYMAN ISLANDS

Affinity (Cayman) Limited provides corporate services to our local and international clients, including yachting and wealth planning services.

The Cayman Islands offers an exciting and relatively new jurisdiction for the Group.

Having structured transactions through Cayman throughout our history, it was decided in 2020 that this offering was strategically a good fit for the Group. We now offer various products and services for clients looking to structure inside and outside the European Union.

Much like the Isle of Man and Malta, Cayman offers a strong maritime hub but is also an ideal jurisdiction of a variety of wealth planning structures and opportunities.

Our expansion to the Cayman Islands has yielded impressive returns, particularly in the private wealth sector, and we are now exploring opportunities within the Cayman fintech sector in response to the newly introduced VASP act.
